Why Choose MedGuard I

MedGuard I is a 5 Year Renewable Term Life & Critical Illness Accelerated Death Benefit Insurance plan that provides You a lump sum benefit payment for a Specified Critical Illness Event or Specified Critical Illness Surgery that occurs during Your lifetime. The MedGuard I Difference

MedGuard I critical illness insurance can help fill the gap between health coverage and life insurance. Health coverage provides benefits for medical treatment but doesn't include benefits for non-medical expenses. Traditional life insurance pays benefits to the named beneficiary after death. What if You survive a critical illness? Where will You find the financial resources to cover non-medical costs during recovery?

If You are diagnosed with a covered critical illness or undergo a covered critical surgery, MedGuard I will pay a portion of the Death Benefit to You in a lump-sum cash payment. Your listed benefit will be paid to You when You are diagnosed.

You can use the cash for any purpose You deem necessary such as helping to:

- Protect Your assets from being spent on recovery
- Replace lost income for You & Your care-providing spouse
- Pay Your mortgage or other obligations
- Offset out-of-pocket or medical expenses not covered by health insurance
- Pay for experimental treatment
- Pay COBRA or other insurance premiums
- Pay home healthcare expenses
- Pay tuition expenses if You need to return to school
- Reduce Your debt
- Maintain Your Family's lifestyle
- Pay Your taxes
- Pay travel and temporary housing expenses for You and Your Family while receiving care away from home
- Renovate Your home or relocate
- Pay for childcare
- Finance or protect Your children's college tuition
- Maintain Your business during recovery

MedGuard I meets the needs of the ever-increasing number of people who survive serious illnesses. It provides a payment that can be used for non-medical expenses during the recovery process.

ACA Individual Mandate & Shared Responsibility Payment

The MedGuard I Plan is a 5-year, renewable term life insurance plan with the plan's stated death benefit paid to the insured's designated beneficiary. The MedGuard I Plan also contains an accelerated critical illness benefit, which provides the accelerated lump sum payment to the insured, while living, the stated percentage of the death benefit, if the insured is diagnosed with a covered critical illness or covered critical injury or undergoes a covered critical surgical procedure. Life insurance plans are not considered "health insurance" under the ACA. The ACA generally requires individuals to maintain "minimum essential coverage" or be subject to the payment of the annual shared responsibility payment with the payment of their taxes to the federal government. Congress eliminated the shared responsibility payment in 2019 and beyond for individuals who do not maintain ACA "minimum essential coverage" during 2019 or any year thereafter.
